Total cases statewide on April 14, 2020, from data compiled by MDHHS at 10 a.m. this morning and released at 3 pm, were 27,001 with 1,769 deaths attributed to COVID-19. BHSJCHA remains committed to thorough investigation and communication with all individuals affected by COVID-19. The staff at BHSJCHA adhere to the MDHHS guidelines for testing and follow best practices for contact tracing and strictly adhere to patient privacy as required by HIPAA.
BHSJCHA is asking anyone with symptoms of COVID-19 to self-isolate for 14 days to avoid potentially exposing others. And for individuals that have been in contact with someone who has COVID-19, to self-quarantine for 14 days and monitor themselves for fever, cough, and shortness of breath. COVID-19 symptoms may appear in as few as two days or as long as 14 days after exposure to the virus. Symptoms include fever, cough and shortness of breath.

To prevent the spread of COVID-19, people should:

- Wash their hands
- Stay home when sick
- Avoid close contact with sick people
- Avoid touching their face
- Disinfect commonly touched surfaces
- When you must go out for groceries and other necessary supplies; only those people absolutely needed for the task should go, others should stay home.
- Keep six feet between yourself and others
- Work from home if you are a non-essential worker

People who are concerned that they may have COVID-19 should contact their healthcare provider and **call ahead** before visiting any healthcare facility. Mildly ill people are encouraged
to stay home and contact their healthcare provider by phone for guidance. If you feel well, you
do not need to be tested. Testing is determined based on risk assessment.
Information about the COVID-19 situation locally, and in Michigan is rapidly changing. For
