FOR IMMEDIATE RELEASE

Daily Update: April 16, 2020
Additional Death Reported Today
COVID-19 Testing Expands in Michigan

Coldwater, MI – The Branch-Hillsdale-St. Joseph Community Health Agency (BHSJCHA) received notification today of a death attributed to COVID-19 in a resident from Hillsdale county. “Our sincere sympathies go out to the family in the loss of their loved one,” states Rebecca Burns, Health Officer. "As the situation with COVID-19 continues to evolve in Michigan, we want to encourage everyone to keep up-to-date with new information at our website www.bhsj.org."

As the state and local response to COVID-19 continues to evolve in Michigan; it is now possible for an individual with mild symptoms to get tested. The Michigan Department of Health and Human Services coronavirus website now has a tool for finding the testing facility closest to your home. In addition, more testing sites are coming on-line. In the tri-county area, all local hospitals (Hillsdale Hospital, Promedica, Sturgis Hospital and Three Rivers Health) are providing testing as well as the federally qualified health center in Centreville, Covered Bridge Healthcare, and some area providers.

The Branch-Hillsdale-St. Joseph Community Health Agency (BHSJCHA) is reporting updated information on case counts in the tri-county area. The number of positive cases in the tri-county jurisdiction as of 3 pm today includes 22 cases in St. Joseph County, 84 cases in Hillsdale County, 31 cases in Branch County and 83 at Lakeland Correctional Facility in Branch County.

*Cases in Lakeland Correctional Facility

Total cases statewide on April 16, 2020, from data compiled by MDHHS at 10 a.m. this morning and released at 3 pm, were 29,263 with 2,093 deaths attributed to COVID-19. BHSJCHA remains committed to thorough investigation and communication with all individuals affected by COVID-19. The staff at BHSJCHA adhere to the MDHHS guidelines for testing and follow best practices for contact tracing and strictly adhere to patient privacy as required by HIPAA.

BHSJCHA is asking anyone with symptoms of COVID-19 to self-isolate for 14 days to avoid potentially exposing others. And for individuals that have been in contact with someone who has COVID-19, to self-quarantine for 14 days and monitor themselves for fever, cough, and shortness of breath. COVID-19 symptoms may appear in as few as two days or as long as 14 days after exposure to the virus. Symptoms include fever, cough and shortness of breath.

To prevent the spread of COVID-19, people should:

- **Stay Home. Stay Safe. Save Lives.** in compliance with Governor Whitmer’s Executive Order
• Wash their hands
• Stay home when sick
• Avoid close contact with sick people
• Avoid touching their face
• Disinfect commonly touched surfaces
• When you must go out for groceries and other necessary supplies; only those people absolutely needed for the task should go, others should stay home.
• Keep six feet between yourself and others
• Work from home if you are a non-essential worker

People who are concerned that they may have COVID-19 should contact their healthcare provider and call ahead before visiting any healthcare facility. Mildly ill people are encouraged to stay home and contact their healthcare provider by phone for guidance. If you feel well, you do not need to be tested. Testing is determined based on risk assessment.

Information about the COVID-19 situation locally, and in Michigan is rapidly changing. For more information, visit www.bhsj.org.

BHSJCHA is committed to promoting wellness, preventing disease, providing health care, and protecting the environment. For additional information, contact your local health department office or visit www.bhsj.org and follow us on Facebook at www.facebook.com/BHSJCHA.
